

AUTOMATIC WEDGE CUTTER

FULLY AUTOMATIC WEDGE CUTTER FOR STAIRS

DATA SHEET
WEDGIT™
Model 30

*The **Wedgit™ Model 30** uses PLC technology to automatically cut wedges which fit your stairs. Third generation machine.*

Simple operation requires minimal training.

*Load supply hopper
Press Run button*

Machine will then cut wedges automatically and continuously consuming entire boards.

Machine can be adjusted for wedge length, wedge angle and wedge thickness.

Add boards to supply hopper without stopping the machine or interrupting operation.
